

UK 1851 Census Extracts - Rosewarne

The following list of Rosewarnes has been extracted from the 1851 census by Vic Rosewarne who has kindly made the data available for the benefit of other researchers. Included is census data for UK counties other than Cornwall including Derbyshire, Devon, Durham, Glamorganshire, Gloucestershire, Kent, London, Northamptonshire, Surrey, and Yorkshire. The list is not necessarily complete.

I cannot guarantee that the list is free from errors or omissions. If you notice any please let me know and I will be happy to correct them. As with any transcript, you should **always** check the original records if you think an entry may relate to your family. Not only will this verify that the details are correct, but the original record may well contain additional information.

The names are arranged by county, parish and household. The Status column indicates whether married (M), unmarried (U) or widowed (W). The Other Details column contains additional information from the census return.
