

Cornwall 1861 Census Extracts - Rosewarne

The following list of Rosewarnes was extracted from the 1861 UK Census - published on CD by Archive CD Books (<http://www.rod-neep.co.uk/index.htm>). I believe this to be a complete list for the county of Cornwall.

I can't guarantee the transcription is free from errors or omissions. If you notice any please let me know and I will be happy to correct them. As with any transcript, you should **always** check the original records if you think an entry may relate to your family. Not only will this verify that the details are correct, but the original record may well contain additional information

The census was taken on the night of 7 April 1861. The names are arranged by parish and household, with name, age, occupation and birthplace as recorded in the census return. The Other Details column contains any additional information included in the census return.
