

UK 1861 Census Extracts - Rosewarne

The following list of Rosewarne was extracted from the 1861 UK Census. I can't guarantee the transcription is free from errors or omissions. If you notice any please let me know and I will be happy to correct them. As with any transcript, you should **always** check the original records if you think an entry may relate to your family. Not only will this verify that the details are correct, but the original record may well contain additional information.

The census was taken on the night of 7 April 1861. The names are arranged by parish and household, with name, marital status, age and occupation as recorded in the census return. The Other Details column contains any additional information included in the census return.
