

Cornwall 1891 Census Extracts - Rosewarne

The following list of Rosewarnes was extracted from the 1891 UK census. The list is not complete. I will add to it if I find additional entries.

I cannot guarantee that the list is free from errors. If you come across any please let me know and I will be happy to correct them. As with any transcript, you should **always** check the original records if you think an entry may relate to your family. Not only will this verify that the details are correct, but the original record may well contain additional information.

The census was taken on the night of 5 April 1891. The names are arranged by household and parish. The Other Details column contains additional information including relationship to head of household, or other data included in the census return.
